

Receiving the Sir Edward Youde Memorial Prize is a profound testament to my personal and academic growth. I perceive this honor not merely as a validation of past achievements, but as a catalyst for the lifelong cultivation of my learning ability and leadership qualities. While I feel a sense of pride, I am more deeply moved by a sense of gratitude. This recognition serves as a poignant reminder that steady effort, analytical problem-solving, and an enduring commitment to self-improvement are the foundation of excellence.

Looking back, I have learned to approach learning with a research mindset and careful reasoning. When facing uncertainty or complex tasks, I try to gather relevant information, evaluate options responsibly, and make decisions based on evidence. I have come to understand that progress is not linear. Instead, it is punctuated by challenges that demand resilience. I have learned that the essence of growth lies in the ability to embrace feedback and refine one's strategies in the face of adversity.

This award motivates me to set higher goals for my future study. I want to continue strengthening my ability to think critically, contribute to my community, and lead with integrity, curiosity, and resilience.

獲頒尤德爵士紀念基金獎，對我而言不只是對學業的肯定，更是一份深刻的證明，讓我看見自己在個人與學習路上的成長。於我心中，這份榮譽並非僅是對過去努力的回應，更像一股動力，提醒我持續鍛鍊終身學習能力，並把領導才能化作日後前行的動力。雖然我感到由衷的自豪，但更令我感動的，是深藏於心的感恩。這份肯定猶如一面明鏡，讓我清楚明白一分耕耘 一分收穫的道理，理性分析能力，以及對自我提升的堅持，才是邁向卓越成就的基石。

回顧一路，我學會以研究的思維面對學習，以審慎的邏輯進行推斷。當我遇到不確定性或艱難的任務時，我會嘗試蒐集關鍵資訊、評估選項，並以證據作為決策依據。也正因如此，我逐漸理解成長並非單一的道路，而是被各種挑戰反覆點亮，曲折但別具意義的過程；每一次挫折都要求我展現韌性。最珍貴的收穫，便是學會接納回饋、調整策略，並在逆境中持續精進自我。

這份獎項也激勵我在未來設定更高的目標。我希望繼續強化批判性思考能力，以正直、好奇心與韌性為核心價值積極貢獻社會。
